

Honeywater - Old Eden

```
tom:
           [Primeira Parte]
Why'd it go wrong
When it should have gone right
Why do we run
When there's no need to fight
I can't go on if I'm not alone
           D
Or talking to you
You never knew
All the mountains I'd climb
When I'm with you
There's no passing the time
All of my dreams
Had been realized and taken away
[Refrãol
Oh why do I
Am7 C G
Pray
Oh why do I, why do I
Am7 C G
When the suns so far
Em C G
             D Em C G
Oh well I hope this is my last day
[Verse 2]
Blame it on me
Things that I never did
One hundred and three keep me lying in bed
I'm so afraid
To hear people talk
These things they believe
Half truths and lies
Are drinking like wine
The other sides
Don't get any time
Listen to her
Don't miss him at all
Or listen to me
[Refrão]
Oh why do I
Am7 C G
Breathe
```

```
Oh why do I, why do I
Am7 C G
Leave
When you're all that I can
Em C G
See
     D Em C G
Well it's time for honesty
I want love
    Am
But I don't just want love, I want you
I see the beach house
  Am
Your sweet mouth
But the terrible news
Is that love
    Am
It's not how it seems on the screens Am Em D
Yeah, real love has problems but it's what's
Inbetween, that's the best
The way that she looks when she's dressed Am G Am
For an all quiet Tuesday
Always a blue day with you
An' darlin' I died for the sunrays
   Em D C
That may not have ever been real
[Terceira Parte]
But still I miss you
And I wish you would
Come back to me
   G
Like you used to
In last June
 С
You came after me
  G
                     Am7
And begged me to be the one you see
             Em D C
But I can't see you anymore
Am I blind
Or just finding
Out that it's been always been like this
   Am7
The last kiss
Was only an accident
And I can't get past you
And I can't forget secret war
But I pray
And I stay
```

No matter the distance
G
I'll wait
Am7
Oh I'll wait
C
For Old Eden's resistence

Cause we grew together
