

Hoobastank - Ksi

Tom: **F**

Verse:

Tuning: Drop **D** (D,A,D,G,B,e)
By: Brad Barat

"You want. . ."

Ksi is played in drop **D** like most of Hoobastanks songs. The intro took me a while but its pretty accurate with maybe a few mistakes. I didn't find any other tabs for this song on the site so if anyone can make corrections or add parts I left out go ahead. If you have any corrections or anything to add email me.

Chorus:

"Open your eyes. . . "
(this shows only the chords, not the strumming pattern)
