

Hoobastank - Up & Gone

Tom: **D**

Transcribed by: Brandon Rodriguez

Tuning: Drop **D**

I'm sure this one is no exception. However I have chosen to tab this in drop D.
I've given the proper tuning, so if you want to transpose it be my guest. Messing with one string is easier than messing with four.
So play Up & Gone here in drop D, It will make you more attractive!
