Em
For starts
      Am                                  Em
What a waste to say the heart could feel apart
        Am
Or feel complete, baby
Em                             Am
Why would you make out of words a cage for your own bird?
       Em
When it sings so sweet
                      Am
The screaming, heaving, fuckery of the world?
Em                         Am
Why would you offer a name to the same old tired pain?
Em                               Am
When all things come from nothing and, honey, if nothing's
gained?

   Em
My heart is thrilled by the still of your hand
Em                 N.C
It's how I know now that you understand

         Em               Am
There's no plan, there's no race to be run
          D              Em
The harder the rain, honey, the sweeter the sun
         Em               Am
There's no plan, there's no kingdom to come
          D              Em
I'll be your man if you got love to get done
Em                  Am
Sit in and watch the sunlight fade
D                   Em
Honey, enjoy, it's gettin' late
         Em               Am
There's no plan, there's no hand on the rein
          D              Em            Em
As Mack explained, there will be darkness again

Em                    Am
Let it hurl, let the awful song be heard
Em                  Am
Blue bird, I know you beat, baby
          Em                             Am
But your secret is safe with me 'cause if secrets were like
seeds
Em                                 Am
Keep my body from the fire, hire a gardener for my grave
       Em                             Am
```

```
Your secret is safe with me, and if secrets were like seeds
Em                                         Am
When I'm lying under marble, marvel at flowers you'll have
made

Em
My heart is thrilled by the still of your hand
Em
It's how I know now that you understand

         Em               Am
There's no plan, there's no race to be run
          D              Em
The harder the pain, honey, the sweeter the sun
         Em               Am
There's no plan, there's no kingdom to come
          D              Em

Em
My heart is thrilled by the still of your hand
Em
It's how I know now that you understand
Em
How big the hourglass, how deep the sand
Em
I shouldn't hope to know, but here I stand

         Em               Am
There's no plan, there's no race to be run
          D              Em
The harder the rain, honey, the sweeter the sun
         Em               Am
There's no plan, there's no kingdom to come
          D              Em
But I'll be your man if you got love to get done
Em                  Am
Sit here and watch the sunlight fade
D                   Em
Honey, enjoy, it's gettin' late
         Em               Am
There's no plan, there's no hand on the rein
          D              Em
As Mack explained, there will be darkness again
