

Hozier - To Someone From a Warm Climate (Uiscefhuarithe)

tom:
 Capostraste na 1ª casa
 Bbm (forma dos acordes no tom de Am)

[Primeira Parte]

A joy, hard learned in winter was the warming of the bed
 ..You'd shake for minutes there and move your legs
 Wrap the blanket over you and keep your head within
 Let your breath heat the air until you'd feel it getting thin

[Refrão]

'Uiscefhuarithe'
 ..The feel of coldness only water brings
 There are some things that no one teaches you, love
 That come natural as a dream you didn't know that you were in

[Post-Refrão]

And darlin', all my dreamin' is only put to shame
 And darlin', all my dreamin' has only been given a name
 But it came easy, darlin'
 As natural as another leg around you in the bed frame

[Segunda Parte]

In summer's heat, I learned to dread the comin' of the night
 ..The awful things we do to make the head go quiet

You'd press your body to the concrete when you were small
 The rains of winter seemed to never leave the walls
 [Refrão]

'Uiscefhuarithe'
 ..The feel of coldness only water brings
 There are some things that no one teaches you, love
 That God in his awful wisdom first programs in

[Post-Refrão]

And darlin', all my dreamin' is only put to shame
 And darlin', all my dreamin' has only been given a name
 But it came easy, darlin'
 As natural as another leg around you in the bed

[Ponte]

And I wish I could say
 That the river of my arms have found the ocean
 ..I wish I could say the cold lake water of my heart
 Christ, it's boilin' over

[Final]

But it happened easy, darlin'
 Natural as another leg around you in the bed frame
