## Huey Lewis & Gwyneth Paltrow - Cruisin'

```
Tom: A
                                                                  Е
                                                                                               Gbm
Intro:
                                                            Sooo... Let the music take your mind
                                                             F.
                                                                                       Gbm
                                                             Just release and you will find
E
Baby let's cruise
                                                            Refrão:
    E Gbm
Gbm
Away from here
                                                                                      Cruise with me baby...
F
Don't be confused
                                                            E Gbm
                                                                                F
                                                                                     Gbm
    E Gbm
                                                            Ooooooooooooooohhhhhhhh.. Yeahhh
Gbm
The way is clear
                                                                                     E Gbm
                                                            E Gbm
                                 Gbm
                                                            E
And if you want it, you got it forever
                                                                    F
            F
                                 Gbm
                                                                               Gbm
This is not a one night stand baby (Yeah)
                                                            Oooohhh baby let's cruise
                           Gbm
 F
                                                                             E Gbm
So, let the music take your mind
                                                            Let's float, let's glide
                                                                          Gbm
                                                                                         F
                                                                                               Gbm
                           Gbm
                                                                   F
                                                            Oooohh Let's open up and go inside
Just release and you will find

                                                                      F
                                                            And if you want it, you got it forever
F
You're gonna fly away
                                                                                                           Gbm
                                                                     F
                                                             I could just stay here beside you and love you baby
Glad you're goin my way
                                                             Е
                                                                         Gbm
                                                            Let the music... take your mind
E Gbm
D B
                     F
I love it when we're cruisin' together
                                                            Just release and... you will find
Music is played for love
Cruisin' is made for love
                                                            You're gonna fly away
D B
                    F
I love it when we're cruisin' together
                                                            Glad you're goin my way
                                                            D B
                                                                                E
                                                             I love it when we're cruisin' together
Baby tonight
Gbm E Gbm
                                                            Music is played for love
Belongs to us
                                                            Cruisin' is made for love
Everything right
Gbm E Gbm
                                                            D B
                                                            I love it when... I love it.. I love it.. I love it..
Do what you must
                                                            Ooh.. ooooh..
                                     Gbm
And inch by inch we get closer and closer
E Gbm
                                                            Cruise with me baby
                              Gbm
                                                            D B
                                                                        E
To every little part of each other (Oooh baby yeah)
                                                            I love it when we're cruisin together...
```
