

# Hugh Laurie - Mystery

Tom: C  
Intro: C F E

Am  
Mystery  
F G C  
All my life has been a mystery  
F G C  
You and I were never ever meant to be  
F G C  
That's why I call my love for you a mystery

(Riff)

Am  
Different country  
F G C  
You and I have always lived in a different country  
F G C  
And I know that airline tickets don't grow on a tree  
F G C  
So what kept us apart is plain for me to see  
F G C  
That much at least is not really a mystery

(Riff)

Am  
Estuary  
F G C  
I live in a houseboat on an estuary  
F G C  
Which is handy for my work with the Port Authority  
F G C  
But I know you would have found it insanitary  
C Am C Am

Insanitary? Insanitary?

(Riff)

Am  
Hate me  
F G C  
I'd be foolish to ignore the possibility  
F G C  
That if we'd ever actually met, you might have hated me  
F G C  
Still, that's not the only problem that I can see

(Riff)

Am  
Dead since 1993  
F G C  
You've been dead now . . . wait a minute, let me see  
F G C  
Fourteen years come next January  
F G C  
As a human being you are history

F G  
So why do why I still long for you?  
C Am  
Why is my love so strong for you?  
F G  
Why did I write this song for you?

Well, I guess it's just a mystery  
C Am  
Mystery

( C Am ) (2x)

## Acordes
