

Hugh Laurie - The Weed Smoker's Dream

Tom: D

Sitting on a million, sitting on it everyday
 Can't make no money giving your stuff away
 Why don't you do right, like the millionaires do
 Put your stuff on the market and make a million too
 Fay's a betting woman, she bets on every hand
 She's a tricky mother for you, everywhere she lands
 Why don't you do now, like the millionaires do

Put your stuff on the market and make a million too
 May's a good looking frail, she lives down by the jail
 On the back though she got hot stuff for sale
 Why don't you do now, like the millionaires do
 Put your stuff on the market and make a million too
 Sitting on a million, sitting on it everyday
 can't make no money giving your stuff away
 Why don't you do now, like the millionaires do
 Put your stuff on the market and make a million too
 Put your stuff on the market and make a million too
