G

D

Hearths will skip a beat

G

Pulse will quicken

D

Lighter on your feet

G

Just a feeling

D

Falling in repeat

G

Love is a made-up word

D

Every time we meet

G

A new emotion takes me out to sea

G

Don't know where we're going, darling, you and me

G

Love is a made-up word

Em

The way we feel can't be defined

D

With candy hearts and valentines

Em

Roses bloom and roses die

D

But you and I, we got it right

D

Love is a made-up word

D

It's always a new day

G

When I'm with you

D

Take me to a place

G

Where the sun is shining on my face

G

When you take me, take me away

We don't have to be like all the others

D

We can make it up, we'll discover what we really need

G

With candy hearts and valentines

Em

Roses bloom and roses die
