

Hush Kids - Love is a Made-up Word

```
tom:
Hearts will skip a beat
Pulse will quicken
Lighter on your feet
Just a feeling
Falling in repeat
Love is a made-up word
Every time we meet
A new emotion takes me out to sea
Don't know where we're going, darling, you and me
Love is a made-up word
The way we feel can't be defined
With candy hearts and valentines
Roses bloom and roses die
But you and I, we got it right \begin{tabular}{c} \begin{tabular}{c}
Love is a made-up word
It's always a new day
When I'm with you
```

Acordes

```
Take me to a place
Where the sun is shining on my face
When you take me, take me away
We don't have to be like all the others
{\color{red} {\sf D}} We can make it up, we'll discover what we really need
Love is a made-up word
The way we feel can't be defined
With candy hearts and valentines
Roses bloom and roses die
But you and I, we got it right D
Love is a made-up word
Love, love is a made-up word
Oh love, love is a made-up word
Hearts will skip a beat
Pulse will quicken
Lighter on your feet
Just a feeling
Falling in repeat
Love is a made-up word
