

Husky - Saint Joan

Tom: A

(forma dos acordes no tom de G)
Capostrate na 2ª casa

I was looking up into the endless
Like a somnambulist in the night
Joan i think i saw you in the darkness, dancing like a wave of light
You were dancing like a wave of light, a wave of light
(G G)

Saint joan you're the killer i've been waiting for
As long as i die lying next to you.
Pieces of my old life, washed up on the shore.

As i disappeared into the moon. watch out here i go.

Oh, i am leaving, i am leaving, i am leaving.

(C G D D)
(C G D D)

I wait, speak in tongues, spitting lightning
And i feel something change in the air
Maybe you are still there in the mist of some sweet
Summer afternoon
Maybe you're still waiting there, still waiting there

I woke up thinking that i might be dying

But i was only in the belly of whale

And i recall i saw the red sun rising

As he spat me out in the winded part of my city
