 Intro: Abm Abm Abm Abm

[Primeira Parte]
 Oh you will never ever stop me
 'Cause I'm never gonna quit
 Gonna get just what I want
 And I am gonna get it quick
 Lose yourself inside the city
 Lose your mind inside a week
 You can lose all of your money
 You can find enough to sleep

[Pré-Refrão]
 In this world to survive
 We can live while we're alive
 N.c
 (Alive)

[Refrão]
 Come inside, twist the knife, like it's something to do
 I'm a voluntary victim
 Watch your colonial tongue, I'll watch you tighten the noose
 I'm burning in your mad IQ
 I'm burning in your mad IQ

[Segunda Parte]
 Oh the apocalypse is coming
 Don't you lose all your control

'Cause you can't get into heaven
 If you haven't got a soul
 You can never ever stop me
 If you're sick or you're obscene
 You can bend or you can break
 And they'll replace you with machines

[Refrão]
 Come inside, twist the knife, like it's something to do
 I'm a voluntary victim
 Watch your colonial tongue, I'll watch you tighten the noose
 I'm burning in your mad IQ
 I'm burning in your mad IQ

[Ponte]
 Paralyzed by the sum of your parts, oh oh
 Abstract with a human heart
 Captivated but I'm so confused, oh oh
 Burning up in your mad IQ

[Refrão]
 Come inside, twist the knife, like it's something to do
 I'm a voluntary victim
 Watch your colonial tongue, I'll watch you tighten the noose
 I'm burning in your mad IQ
 I'm burning in your mad IQ
 I'm burning in your mad IQ
