[Primeira Parte]

B Db Ebm
I'm holding back right now
B Db Ebm
'Cause I'm numb to what's around
B Db
I miss the life I used to have with you right here
Ebm
Now everything has turned to grey
Gb B Db Ebm
And I'm blacking out the shades for now

[Refrão]

B
Let me be sad
Db
Even for a little while
Ebm
Just a chance to catch my breath
Db B
Let me be sad
Db
Even for a little while
Ebm Db
'Cause it's all that I have left
B Db Ebm
When all I see are the memories

I don't want to lose a thing
Gb B Db Ebm
Let me be sad, let me be sad

[Segunda Parte]

B
Can you see it in my eyes I've been distant?
Db Ebm
'Cause I can't tell if it's the end or the beginning
Db B
I know I haven't been myself, I'll admit it
Db Ebm
And I put up walls, so if I burned any bridges just know
Db B
I'm doing everything i can to try and fix it
Db
But knowing me I'll probably miss it
Ebm
These voices get so vicious
Db
Feels like I'm rippin' stitches
B
I wish some days I could go back
Db
Before life changed, it was so fast
Ebm
That time is gone and I know that
Ebm
So please
