

Idina Menzel - I Stand

Tom: Ab
Intro: Fm Db Eb Fm

When you ask me, who I am?
What is my vision? And do I have a plan?
Where is my strength? Have I nothing to say?
I hear the words in my head, but I push them away.

'Cause I stand for the power to change,

I live for the perfect day.

I love till it hurts like crazy,

I hope for a hero to save me.

I stand for the strange and lonely,

I believe there's a better place.

I don't know if the sky is heaven,

But I pray anyway.

(Fm Db Eb Fm)

And I don't know
What tomorrow brings
The road less traveled
will it set us free?
Cause we are taking it slow,

I don't try and change the world;
But what will you make of me?

(Fm Db Eb Fm)

'Cause I stand for the power to change,

I live for the perfect day.
I love till it hurts like crazy

I hope for a hero to save me.
I stand for the strange and lonely,
I believe there's a better place.
I don't know if the sky is heaven,
But I pray anyway.

With the slightest of breezes

We fall just like leaves

As the rain washes us from the ground

We forget who we are

We can't see in the dark

And we quickly get lost in the crowd oooooo

(Fm Db Eb Fm)
oohhhh
