

# Iggy Pop - Till Wrong

Tom: **D**

(intro)

(verso)

I took a poundin'  
From the radio today  
I heard the radio say some piece of shit  
Was it the sound of today?

I took a bitin' 'beating'  
When I saw my TV play, I saw my TV play  
Over and over  
And there were no escape

The box is hallow  
And that riff is fucking dead,  
That riff is fucking dead, but the riff is poundin'  
In my fucking head

They're gonna push it  
Until false is true  
Until day is night, they're gonna push it baby  
Until wrong feels right

It's a big industry  
And they can beat my brain  
With houses and wars and chains, they are insane  
But they can beat my brain

God and his captains  
They won't pull a fucking plug  
They won't pull a fucking plug and give the skies  
Back to the birds and bugs
