

Igor VP Nunes - Take Me Back

tom:

[Primeira Parte]

G
Beautiful girl, what are you doing here
I need some space, I need some air
I'm not waiting for a pretty face
Because now I want to be sad

G D Em Cm
I cannot see your eyes and not open a smile
With you I fell like another place
All the world say I need to go
But I really want to stay

[Refrão]

C D G Em
I am lost inside my head
All my fellings are a mess
Im falling in a dark hole
So please, take me back

[Segunda Parte]

G D Em Cm
Everywhere looks very weird
Everybody seems strange
I don't know how are you staying here
It's seems that everything causes pain

G D Em Cm
Take care, special flower
I don't want you to wilt
You won't need to stay tomorrow
You're too beautiful to be here

[Refrão]

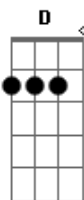

C D G Em
I am lost inside my head
All my fellings are a mess
Im falling in a dark hole
So please, take me back

C D G Em
So please, take me back
So please, take me back
