Il Volo - Surrender

Tom: A

```
   Am                                  Dm
When we kiss my heart's on fire
                            Am     Dm
Burning with a strange desire
                           Am        E7
And I know, each time I kiss you
                          Am        A
That your heart's on fire too
                           D        E7
So, my darling, please surrender
                           A
All your love so warm and tender
                          D           E7
Let me hold you in my arms, dear
                           A
While the moon shines bright above
                           D    Db7
All the stars will tell the story
                          Gbm  D
Of our love and all its glory
                           Am  E7
Let us take this night of magic
                          Am  A
And make it a night of love
                         D             E7
Won't you please surrender to me
                            A           Dm
Your lips, your arms, your heart, dear
            Am     E7
Be mine forever
            Am
Be mine tonight
Am                          Dm
Viede 'o mare quant'è bello
                       Am     Dm
```

```
Spira tantu sentimentu
                          Am        E7
Comme tu a chi tiene mente
                        Am        A
Ca scetato 'o fai sunnà,
                                  D        E7
Guarda, gua', chistu ciardino
                                   A
Siente, sie' sti sciure arance
                         D           E7
Nu profumo accussi fino
                                  A
Dinto 'o core se ne va
                                  D    Db7
E tu dice: "I' parto, addio!"
                               Gbm  D
T'alluntane da stu core
                               Am  E7
Da sta terra de l'ammore
                                 Am  A
Tiene 'o core 'e nun turnà?
                          D    E7
Ma nun me lassà,
                        A           Dm
Nun darme stu turmiento!
                     Am     E7
Torna a Surriento,
                     Am
famme campà!
                               D             E7
Won't you please surrender to me
                                  A           Dm
Your lips, your arms, your heart, dear
                     Am     E7
Torna a Surriento,
                     Am
Be mine tonight
```
