We all deserve the finer things in this life
So working on a little job in the night
That's forty dollars an hour when I, see the light
The boss said I little tired, I don't mind
He'll be working in a small box till he die
For me I gotta be free all my life
I wanna little cream cheese? in my pie
Alright
Yeah I'll get back while you don't dance
The Greenback boogie
Mother fucking? boogie
Now I'm putting on a big wig
Walking hall
Hanging with them big pigs fucking cogs
Got me a couple ideas straight from god
I wanna bean pie order me a bean pie
Living in a beehive I dont mind
Me and Missy is so
bzzy bzzy making money
All step back, I'm about to dance
The Greenback boogie
