

Imaginary Future - Fire Escape

Tom: G
Intro: 2x: G C D

There's a ^G fire escape
At the end of the gate where I am standing ^D
There's a ^G ladder that goes
To a safe place below on the ground ^D
But I don't need it now
It's too soon to go down to the bottom ^D
I will wait 'til it's close
When I'm needing it most
When I'm scared ^D

(Bridge)

I will look out into the starred sky ^{Em C D}
With your ^{Em} help now, I will be all right ^{C D}

(Chorus)

^G Oh, my future, I can't believe it's time ^C
^G No, my lover, I'll never leave you behind ^D
^G Oh, my future, I can't believe it's time ^C
^G No, my lover, I'll never leave you behind ^D

(G C D)

There's a ^G pattern of stones
Laying out in a row by the river ^D
We have started to climb ^G
With a hand on the side of the wall ^D
But I'm too stunned to call ^G
And hoping it all will be over ^D
With the radio on ^G
With the waterfall gone ^C
We will go ^D

(Bridge)

I will look out into the starred sky ^{Em C D}
With your ^{Em} help now, I will be all right ^{C D}
