

# Imagine Dragons - My Fault

Tom: G

G  
I took a walk on a Saturday night,  
Em  
Fog in the air,  
C  
Just to make my mind seem clear  
D  
Where do I go from here?  
G  
I see my breath pushing steam through the air,  
Em  
Shaking hands run through my hair,  
C  
My fears,  
D  
where do I go from here?

G Em  
Is it my fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.  
G Em  
My fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.

G  
Walking down to the waters edge,  
Em C  
Asking why I'm here instead of home,  
D  
Now I stand alone.

G  
I stop to stare at the ocean side  
Em  
I'm breathing in just to feel it's side  
C  
With his  
D  
Like you were here with me.

G Em  
Is it my fault, is it my fault?  
C

We've been missing each other,  
D  
We've been missing each other.  
G Em  
My fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.

C G  
Oh it's on the warmest night,  
D  
It's in the brightest light,  
Em  
It's when the world is moving.  
C G  
Oh it's in the faintest cry,  
D  
It's in the lovers eye,  
Em  
It's when I need you most,  
C  
And don't you know,

G Em  
Is it my fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.  
G Em  
My fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.

G Em  
Is it my fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.  
G Em  
My fault, is it my fault?  
C  
We've been missing each other,  
D  
We've been missing each other.
