

Imagine Dragons - Take It Easy

tom:
Capostrate na 1ª casa (forma dos acordes no tom de G)

Last week I came to you
I didn't know what to do
Yeah man, sometimes I lie
But sometimes I can tell the truth

I want my money back
Last one big heart attack
Yeah man, my throat's dry
Someday everybody's gonna die

Take it easy on me
I need some lullaby
They tell me heaven's just a lie

Well I'm not surprised
Tell me that you know
No, you don't

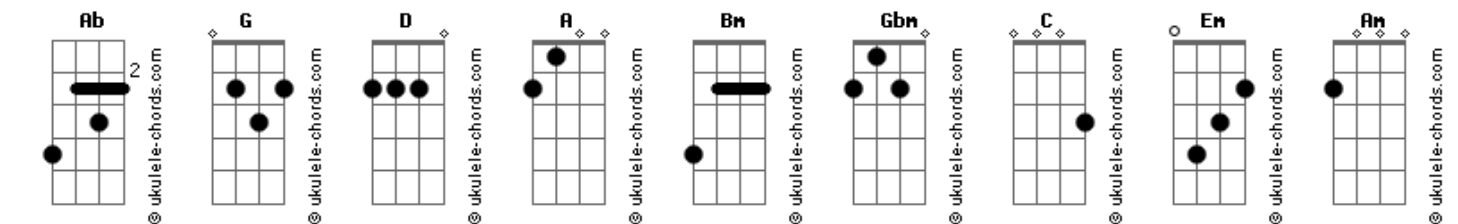

Yeah, you're just like me
Can we just all hope for the best?

Take it easy

Money doesn't grow on trees
I'm such a greedy thief
It's been my life, I'm hunting
Keep drinking just to family

My aunt is pretty cool
Sh? did well in school
But she still don't know
Where we really gotta

Acordes

Take it easy on me
I need some lullaby
They tell me heaven's just a lie
Well I'm not surprised
Tell me that you know
No, you don't
Yeah, you're just like me
Can we just all hope for the best?
Take it easy
(D Gbm)
Yeah, take it easy
I don't wanna hear no more of that talk
I do not hear
C'mon

Take it easy on me
I need some lullaby
They tell me heaven's just a lie

Well I'm not surprised
Tell me that you know
No, you don't

Yeah, you're just like me
Can we just all hope for the best?

Take it easy
Take it easy
