

Impavid Colossus - Hope

tom: Bm

She waited by the phone Bm

In a motherless home A

So young and naive G

With a hungry mind to feed

The blood is running cold

Hope is almost gone

She used to dress in black

Connected to her past

She couldn't break free Bm

Accepted the defeat A

Only shadows remains A

And she gave them names

Tried to clean up with bleach G

To wash away the dreams

She waited for a sign

Since she was left behind

She is in this world Bm

Chasing ghosts A

Unanswered, unanswered G

The unknown is scary Bm

To be alone is scary A

Even more when been abused G Bm A

A sudden change Bm

She was too young to change A

Carrying on in the outside

But dying inside D

She's standing at her feet G

And the future looks bleak

She keeps trying to cry

But weakness was denied

But weakness was

Lips that have never been kissed Bm

Stories that will not exist

A love she thought someday to find A

A friend she could count with for life, denied G

Tried to clean up with bleach

To wash away the dreams

After all she's been through

After all she's been through Bm

She is in this world Bm

Chasing ghosts A

Unanswered, unanswered G

The unknown is scary Bm

To be alone is scary A

Even more when been abused G

She is in this world Bm

Chasing ghosts A

Unanswered, unanswered G

The unknown is scary Bm

To be alone is scary A

Even more when been abused G Bm
