

Incubus - Are You In?

Tom: **A**

- Natural Harmonic
/ - Slide
b - Bend up/down
h - Hammer on
p - Pull off

Effects used: Delay, Echoelay, Volume swells by pedal or volume knob (easier with pedal), I use wah halfway cocked to accentuate the treble/mids for the chorus chords and verse harmonics. Song is slightly distorted all the way through.

Intro: These chords played w/volume swells

Verse:

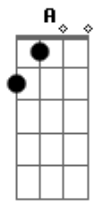

Chorus:

Solo: Just a Bminaj pentatonic

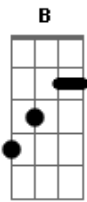

on this part, let the 10 on the **B** string ring whilst you release the bend on the G, like a pedal steel kinda thing.

Then back to verse
