

Incubus - Everything Is Dead

Tom: **G**

Part 1 (x4)

Part 2 (x2)

Here I just tried to show emphasis on the main strokes. Again listen to the song to get the exact rythem. I start on an up beat on the sets of 3, you can try that also as it might help. At the end Im pretty sure that is the correct fretting, however it is very hard to hear, so I didn't include rythem.

Part 3 (x2)

Part 4

The chord that is played starting on the **G** string 12 fret is picked very fast, and it would be too confusing to try and include picking rythems here. Again, use the song as reference.

Part 5 (about 5:28)

Part 6 (about 5:48) (x2)

Part 7 (about 6:07)

Guitar 1 (6:07) (repeated over and over again for guitar 2)

Guitar 2 (6:11)

Part 8 (about 7:07)

Guitar 1 (7:07) (starts as Guitar 1 from part 7 fades out)

Then repeat the following for the remainder of the song

Guitar 2 (8:08) (Fades in so listen close)
