Tablatura

Tablatura

Even I can't recall how many days I have been out there
For when all those lights cease to shine
It was a lie I think for the first time
Infinity it falls, in feathery folds but she bites like loveless eyes
But with her belly full she called this rite of passage
It was the longest night of my life

Say it was the longest night of my life

But when the wolves' eyes ceased to shine
I was alive I think for the first time
Infinity enfolds then fethrey falls
But she bites like loveless eyes and with her belly full
She called this ride of passage
It was the longest night of my life

It was, it was, it was, it was, it was
It was the longest night of my life

It was, it was, it was, it was, it was, it was, it was, it was

It was, it was, it was, it was, it was, it was, it was, it was
