

Infected Mushroom - I Wish

Tom: Gb

[intro] Ebm Eb Bb B
 Ebm Eb Abm Bbm
 Ebm Eb Abm Bbm Ebm

I wish to give, to take, to make, to shake

I wanna see it happen

I want to see, to be, the one that plays the game

Without no fears and regrets

I want to know you

Better than i know myself

I want to feel the end

And to enjoy the consequence

I'm playing the game

The one that will take me to my end

I'm waiting for the rain

Abm Bbm
 To wash who i am

[Ponte] Ebm Eb Ebm Eb

I want to move, to loose, to take the grooves

And to give it all back

I want to take the time rewind

And to kick it right from the start

To be unknown and all alone

Lose the kind that are behind

To start a new play by myself

And to give the best i have

I'm playing the game

The one that will take me to my end

I'm waiting for the rain

To wash who i am
