

# Infinity's Song - I Want You Back

tom:

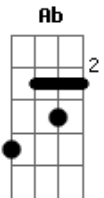

I want you back  
 But I will never tell you  
 I will never tell you that  
 I want you back  
 And a million reasons not to  
 Cannot help to change the fact  
 I can't lie  
 I tried to hate you  
 But I'm still in love  
 And you seem to be fine  
 Must be nice  
 Oh you look so satisfied  
 While not a day goes by  
 Where I don't want to give it one last try  
 I want you back  
 But I will never tell you  
 I will never tell you that  
 I want you back  
 And a million reasons not to  
 Cannot help to change the fact  
 Who am I?  
 Kidding we would never even last  
 And we both know that's a fact cause  
 You're so vain

Bet your mother's so ashamed  
 Yet she loves you just the same  
 But I refuse to live my life that way  
 I want you back (I want you back)  
 But I will never tell you  
 I will never tell you that  
 I want you back (I want you back)  
 And a million reasons not to  
 Cannot help to change the fact  
 I will never be the reason  
 You get full of yourself  
 Thinking all the world's beneath you  
 For that you need no help  
 God forgive me for even thinking  
 I want you back (I want you back)  
 But I will never tell you  
 I will never tell you that  
 I want you back (I want you back)  
 And a million reasons not to  
 Cannot help to change the fact  
 I want you back (I want you back)  
 But I will never tell you  
 I will never tell you that  
 I want you back (I want you back)  
 And a million reasons not to  
 Cannot help to change the fact
