## **Ingrid Michaelson - Maybe**

```
then i know i've got to let them go
                                            C)
(com acordes na forma de
Capostraste na 1ª casa
                                                              Maybe in the future, you're gonna come back, you're gonna come
(capo 1º casa)
                                                              back around
(intro) C G Am
                                                              Maybe in the future, you're gonna come back, you're gonna come
                                                              back
I don't want to be the one to say goodbye
                                                              The only way to really know is to really let it go
                                                                                                 Am
But I will, I will, I will
                                                              Maybe you're gonna come back, you're gonna come back, you're
                                                              gonna come back to me
I don't want to sit on the pavement while you fly
But I will, I will, oh yes I will
                                                              I still feel you on the right side of the bed
                                                              and i still feel you in the blankets pulled over my head
Maybe in the future, you're gonna come back, you're gonna come
                                                              but im gonna wash away, oh i'm gonna wash away everything till
Maybe in the future, you're gonna come back, you're gonna come you come home to me
                                                                                                   \mathsf{Am}
The only way to really know is to really let it go
                                                              Maybe in the future, you're gonna come back, you're gonna come
                                   Am
                                                              back
Maybe you're gonna come back, you're gonna come back, you're
                                                              in the future, you're gonna come back, you're gonna come back
gonna come back to me
                                                              (refrão 2x)
I don't want to be the first to let it go
                                                              C G Am
               C
                       G
But i know, I know, I know
                                                              you're gonna come back to me
                                                              C G Am
If you have the last hands that i want to hold
                                                              you're gonna come back to me
                G
                       F C
```

## **Acordes**
