

Ingrid Monttana - Sextou

tom:

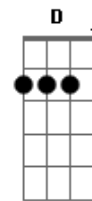

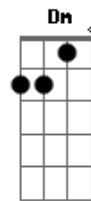

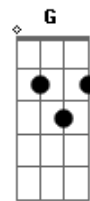

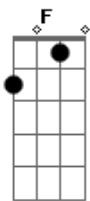

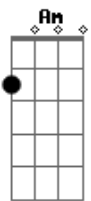

Look at the difference it makes
 Cultures are diverse, no mistakes
 In Brazil, it might imply one thing
 But in the United States, it's another swing!
 When Friday rolls around in Brazil
 We shout "Sextou" with zeal
 But in Uncle Sam's land, oh my
 It's not "Sex to you," that's the sly!

[Refrão]

"Thank God it's Friday," no lie
 In Brazil, we scream "Sextou" high
 But it ain't "Sex to you," don't sigh!
 This can be a real headache!
 The whole week we're grinding
 Waiting for the weekend to come shining
 And when Friday finally arrives
 We're all geared up to thrive!
 Today's Friday Friday Friday Friday, Friday
 Is that why Jason's always high and mighty?
 No time limit to end Friday's spree
 Some folks say it rolls on till Sunday, you see!

 Wow, that could cause trouble
 Meanings are quite diverse, no double
 Some use it for the same aim
 But you need to know the game!
 "Sextow"

"Sex to you"

It's quite different from T G I F

So know the difference, no beef!

Listen up, buddy

In Brazil, "Sextow" means it's "Sexta-Feira"

Which in the United States is called Friday

Got it? So, no funny business, okay?
