

Ingrid Wimmer - I Don't Know U

tom:

Intro: F Am F Am C

I mean who are you?

What are you doing?

Get out of my way

I mean who are you?

Let me guess

Was I not clear enough?

What the hell you want me to say?

Let me guess you're fucking mental

Mental

Mental

To understand

Let me guess

Was I not clear enough?

What the hell you want me to do?

Do you want me to call the cops

When you come to my house

At midnight again?

(F Am)

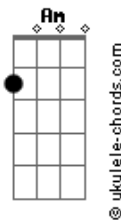

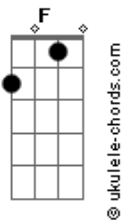

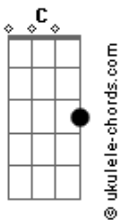

I mean who are you?

Why you're still doing?

Get out of my life

I mean who are you?

Acordes

If you think that

I was not clear enough

Go find a therapist

The words in the letters you sent me

Are asking for help

If you think that

I was not clear enough

Stop drinking that much

The only thing I know

Is that it's time to forget about me

(F Am F Am)

And I mean fuck you

Where's your self love?

You need some help but

I'm not a worm tamer

Don't you think you've bothered too much?

If you think of anything at all

You've never loved me better than the way I do without you

You're acting like I've never gave you a chance

Like I've never cried

The only thing I know

Is that it's time to forget about me

(F Am F Am)

Take me out of your mind

Cause I'm out of your house for a long time
