

Interpol - If You Really Love Nothing

tom:

Intro: E Dbm B Abm

[Primeira Parte]

If you really love nothing
 On what future do we build illusions?
 If you really love nothing
 Do we wait in silent glory?
 If you really love nothing
 What part of betrayal do you wish to deny?

[Refrão]

When I find my home
 The next artery
 Splendid, I bled my whole life
 So it's probably a kiss
 Goodbye then

(E Dbm Abm Abm)

[Segunda Parte]

If you really love nothing
 Everybody's made up
 Everybody's losing
 If you really love nothing
 Shall we sleep in silent glory?
 If you really love nothing
 How could you be there?
 You could just leave forever

[Refrão]

When I find my home

The next artery
 Splendid, I bled my whole life
 So it's probably a kiss
 Goodbye then
 It's goodbye then
 You can trace a hole upon your dress
 On your dress
 On your dress
 On your dress

[Ponte]

Breath in it's optimal
 Read and remember
 The week's end grading
 Better than seven other men
 Wayward from women who break dimension
 I know that you could just leave forever

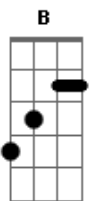

[Refrão]

When I find my home
 The next artery
 Splendid, I bled my whole life
 So it's gonna be a kiss
 Goodbye then
 This is goodbye then

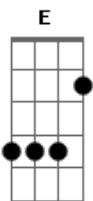

[Final]

You can trace a hole upon your dress
 And give me goodbye and a kiss
 I see you trace that hole upon your chest
 Give me goodbye and a kiss
