

# Interpol - Stella Was a Diver And She Was Always Down

Tom: C

When she walks down the street  
 She knows there's people watching  
 The building fronts are just fronts  
 To hide the people watching her  
 She once fell through the street  
 Down the manhole in that bad way, he-ey  
 The underground drip  
 It's just like her scuba days  
 Days  
 Daze  
 Days  
 Daze  
 Days  
 Daze  
 Days  
 She was all right 'cause the sea was so airtight she broke away  
 She was all right 'cause the sea was so airtight she broke away  
 She was all right but she can't come out tonight she broke away  
 She was all right 'cause the sea was so tight, air-tight  
 She broke away broke away  
 She broke away broke away  
 She broke away broke away  
 She broke away  
 ( F Dm A )  
 Stella is a diver  
 Stella is a diver  
 Stella is a diver  
 Stella is a diver  
 Stella, Stella, Stella, Stella  
 Bottom of the ocean she dwells  
 Bottom of the ocean she dwells  
 Crevices carressed by fingers

And fat blue serpent swells  
 Stella  
 Stella  
 Oh, Stella  
 Stella I love you, stella I love you, stella I love you  
 She was all right 'cause the sea was so airtight she broke away  
 She was all right 'cause the sea was so airtight she broke away  
 She was all right but she can't come out tonight she broke away  
 She was all right yeah the sea was so tight, air-tight  
 She broke away broke away  
 She broke away broke away  
 She broke away broke away  
 She broke away

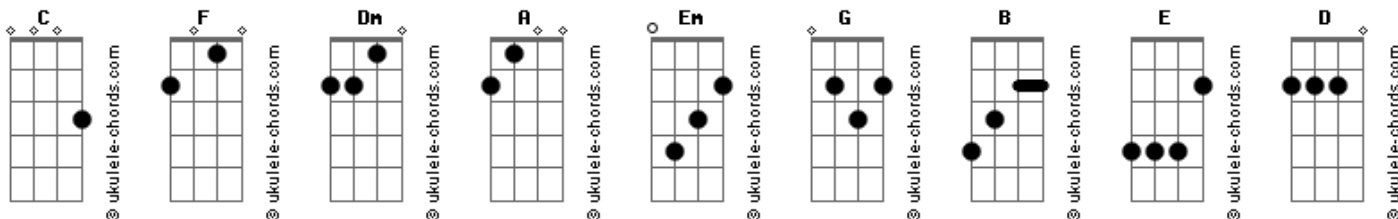

Well she was my catatonic sex toy love-joy diver  
 Well she was my catatonic sex toy love-joy diver  
 She went down down down there into the sea  
 She went down down down there down there for me, right on  
 Oh yeah  
 Right on  
 It's so good  
 Oh yeah  
 Right on  
 It's so good  
 Oh yeah

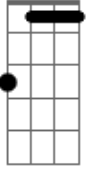

Bbm Dm

There's something that's invisible  
 There's some things you can't hide  
 Try to detect you when I'm sleeping  
 In a wave you say goodbye  
 There's something that's invisible  
 There's some things you can't hide  
 Try to detect you when I'm sleeping  
 In a wave you say goodbye
