

Interpol - Untitled Acoustic

Tom: **Db**

Capo 6

Intro: /Verse

(com acordes na forma de **G**)
Capostrate na 6ª casa

I put this down as acoustic because I figured it out on one
and I don't know how good it
on an electric. I know this isn't the way it's actually
played, but you can kinda get
effect of some of the high tremolo picking that you can hear
in the interlude of the
recording if you play it this way.
