

Interpol - Untitled Acoustic

Tom: Db Capo 6 Intro: /Verse

G) (com acordes na forma de Capostraste na 6º casa

I put this down as acoustic because I figured it out on one and I don't know how good it on an electric. I know this isn't the way it's actually played, but you can kinda get effect of some of the high tremolo picking that you can hear in the interlude of the recording if you play it this way. Outro

Interlude
