

INXS - Don't Loose Your Head

Tom: F
Intro: (Bb F C) 4X

(Bb F C)
You shot your mouth off like a kid
Who's scared to have a heart
Your loosing grip of what really matters
Cause you don't know where to start
You wake up in the morning
With a starfuck for a friend
The things you do are so in tune
With what you said you hate
What's giving you the will to live
Is it looking for revenge
The only laugh that you've got left
Is hiding from the pain
What must have happened to your soul
Is skinning you alive
The thing you fear most is love

C
And that's buried deep inside
So deep inside

Bb F
Don't loose your head
C
Cause I can't do the time
Bb F
Don't loose your head
C
Can you pay the price

(Bb F C)
The heart your building out of rock
Is turning into sand
Cause you never took the time to think
What it means to be a man
You act like you got the answer
When the question's never asked
I've been to where your coming from
But the postcards weren't so bad The knife
I carry has been sharpened
On the mouths that won't keep shut
I'll stab at you in the darkness
Cause I'm trying to shed some light
Your point of view is so meaningless
If you ever had one at all
All you seem to care about
C
Is who's gonna take the fall
Who's gonna take the fall for you

Bb F
Don't loose your head
C
Now I can't do the time for you
Bb F 2x
Don't loose your head
C
Can you pay the price
