

# INXS - Mystify

Tom: C

All veils and misty <sup>Dm Am</sup>  
 Streets of blue <sup>G</sup>  
 Almond looks <sup>F Dm Am</sup>  
 That chill divine <sup>G</sup>  
 Some silken moment <sup>F Dm Am</sup>  
 Goes on forever <sup>G</sup>  
 And we're leaving broken hearts behind <sup>F Dm Am</sup>

<sup>Am</sup>  
 Mystify  
 Mystify me <sup>C G</sup>  
 Mystify <sup>Am</sup>  
 Mystify <sup>C G</sup>  
 Mystify me

(Dm-Am-G-F )  
 I need perfection  
 Some twisted selection  
 That tangles me  
 To keep me alive

(Dm-Am-G-F )

In all that exists  
 None have your beauty  
 I see your face  
 I will survive

<sup>Em7 G7</sup>  
 Eternally wild with the power  
 To make every moment come alive <sup>Em7 G7</sup>  
 All those stars that shine upon you <sup>Em7 G7</sup>  
 Will kiss you every night <sup>Em7 G7</sup>

(Dm-Am-G-F )  
 All veils and misty  
 Streets of blue  
 Almond looks  
 That chill divine  
 Some silken moment  
 Goes on forever  
 And we're leaving  
 Yeah we're leaving broken hearts behind

<sup>Em7 G7</sup>  
 You're eternally wild with the power  
 To make every moment come alive <sup>Em7 G7</sup>  
 All those stars that shine upon you <sup>Em7 G7</sup>  
 And they'll kiss you every night
