

INXS - Mystify

Tom: C

All veils and misty ^{Dm Am}
 Streets of blue ^G
 Almond looks ^{F Dm Am}
 That chill divine ^G
 Some silken moment ^{F Dm Am}
 Goes on forever ^G
 And we're leaving broken hearts behind ^{F Dm Am}

^{Am}
 Mystify
 Mystify me ^{C G}
 Mystify ^{Am}
 Mystify ^{C G}
 Mystify me

(Dm-Am-G-F)
 I need perfection
 Some twisted selection
 That tangles me
 To keep me alive

(Dm-Am-G-F)

In all that exists
 None have your beauty
 I see your face
 I will survive

^{Em7 G7}
 Eternally wild with the power
 To make every moment come alive ^{Em7 G7}
 All those stars that shine upon you ^{Em7 G7}
 Will kiss you every night ^{Em7 G7}

(Dm-Am-G-F)
 All veils and misty
 Streets of blue
 Almond looks
 That chill divine
 Some silken moment
 Goes on forever
 And we're leaving
 Yeah we're leaving broken hearts behind

^{Em7 G7}
 You're eternally wild with the power
 To make every moment come alive ^{Em7 G7}
 All those stars that shine upon you ^{Em7 G7}
 And they'll kiss you every night
