```
Tom: Gb
Intro: Gbm Gbm Gbm Gbm
       Gbm Gbm D Bm
You'll never find a way out
          Gbm Gbm
You'll never find a way outside
You're not a thief, you're a creep
           Gbm
                  D
So you just need to be more polite
Snakes are surrounding your feet
               Gbm
And whispering in your ears tonight
Don't eat the apple
Repeat
     Gbm
Don't commit sins
Please
Don't reply
( Gbm Gbm Gbm Gbm Gbm D Bm )
I need power to fight
      Gbm Gbm
I never asked for your sign
```

```
'In vegas the law is mine'
       Gbm D Bm
This is my way to be alive
You show me how to get by Gbm Gbm Gbm Gbm
You show me how not to cry
                                      Gbm
                                                D
Grab all your fears by the ears and take them all by surprise
So watch out
     Dbm
               Gbm
Don't cross my way, but I'm with you
                    Dbm A
And I hope that you'll be okay
Gbm
Mercy, mercy
       Gbm
I can't hear you now
                            Gbm
with all my demons trying to bring me down
Believe me, believe me
       Gbm Gbm
I'm here, stuck in the ground
I'll try to keep my body into the sound
              Gbm
     Dbm
Don't cross my way, but I'm with you
                    Dbm A
And I hope that you'll be okay
