

# Iration - Falling

Tom: G

**C**  
We met at a concert  
**G**  
You were wearing converse  
**D** **Em**  
I'm not good at playing it cool  
**C**  
You said i was funny  
**G**  
I spent all my money  
**D** **Em**  
Then your friend get thrown in a pool  
**C**  
When we said goodbye  
**G**  
Know that i can't lie  
**D** **Em**  
I never thought i'd see you again  
**C**  
That was a mistake and  
**G**  
Now my heart is taken  
**D** **Em**  
It's too hard to comprehend

(refrão)  
**C** **G**  
That i'm falling  
**D** **Em**  
Hoping that you feel this way too

**C** **G**  
Said i'm falling  
**D** **Em**  
Sitting here waiting for you

**C**  
Expert of illusion  
**G**  
I just get to use it  
**D** **Em**  
Thought i had it all worked out  
**C**  
Love was just a stage name  
**G**  
Watch it as it became  
**D** **Em**  
Something i can't live without  
**C**  
Then to my suprise  
**G**  
You opened my eyes  
**D** **Em**  
I thought i was empty inside  
**C**  
Now everytime you're near  
**G**  
Stormy skies become clear  
**D** **Em**  
Now theres nowhere left to hide

(refrão 4x)

## Acordes
