

# Iron Maiden - Coming Home

Tom: G

When I stand before you shining in the early morning  
 sun  
 When I feel the engines roar and I think of what we've  
 done

Oh the bittersweet reflection as we kiss the earth  
 goodbye  
 As the waves and echoes of the towns become the ghosts  
 of time

Over borders that divide the earthbound tribes  
 No creed and no religion just a hundred winged souls  
 earth  
 We will ride this thunderbird, silver shadows on the

A thousand leagues away, our land of birth

To Albion's land

Refrão:  
 Coming home when I see the runway lights  
 In the misty dawn the night is fading fast  
 Coming home, far away as their vapor trails align

Where I've been tonight, you know I will not stay

Curving on the edge of daylight til it slips into the void  
 Waited in the long night, dreaming til the sun is born  
 again

Stretched the fingers of my hand, covered countries with  
 my span  
 Just a lonely satellite, speck of dust and cosmic sand

Over borders that divide the earthbound tribes  
 Through the dark Atlantic, over mounting stormy waves  
 We will ride this thunderbird, silver shadows on the

A thousand leagues away, our land of birth

To Albion's land

Refrão:  
 Coming home when I see the runway lights  
 In the misty dawn the night is fading fast  
 Coming home, far away as their vapor trails align  
 Where I've been tonight, you know I will not stay
