D

Em Bm

Out in the street somebody's crying

Em D

Out in the night the fires burn

Em Bm

Maybe tonight somebody's crying

Em

Reached the point of no return

Em F G F

Oh my eyes they see but I can't believe

Em F G F

Oh my heart is heavy as I turn my back and leave

Am C

Like the eagle and the dove

G Em

Fly so high on wings above

When all you see can only bring you sadness

Like a river we will flow

When all you do can only bring you sadness

Somewhere I hear a voice that's calling

Out in the dark there burns a dream

You got to hope when you are falling

To find the world that you have seen
