

Iron Maiden - The Talisman

Tom: A
(com acordes na forma de)
Intro:
As the captain calls us on the deck I take my things
and walk
To the harbor side I glance back one last time.....
Fleeing our nation our problems we leave behind
Ships by the tenfold Out on the tide
We are pleased to be out and embracing the open sea
Free from the troubles And more free from thee
Inheritors unfulfilled reason behind us
We flee from what is not What is will be
We flee the earth And face our harsh reality
Will death be low mist That hangs on the sea?
We run from evil tongues Rash judgement, selfish men
Never to be seen On these shores again
As we sail into ocean size and lose sight of the land
A face of contentment around in the air
Were off now to seek all our fortunes to the land
of.... our..... dreams
Electric
Running the waves...
No theres no one going back....
As we ride the rough seas...
Spirits, sails they drive us on...
Four leagues of ten...
Holding on for our dear lives...
limbs fatigued, trembling with cold

Blinded from the sea spray salt
Clasping anything we can hold
Heaven's rain upon us falls
Twenty days without a meal
And ten without freshwaters too
Those that didn't die in storms
The scurvy rest did slaughter
Westward the tide...
Westward we sale on...
I'm sure someone will eventually upload this with a solo but
heres right after it
We approach the other side
Of the ocean with the tide
In our favor just for once
Welcome greeting our new land
The elation in our hearts
The excitement in our veins
As we sail towards the coastlines
Of our golden promised land
Weary limbs fatigued away
I have no life left in me
No more strength and nothing left to give
Must find the will to live
Never thought that we could make it

Truly sights of shores divine

The sickness I am dying from

Never wanted it to end this way

Westward the tide....

Sail by the talisman....
