Lyrics:

Cold as steel the darkness waits, its hour will come
 A cry of fear for the chosen worshipping the sun
 Mother natures black revenge on those who waste her life
 War babies in the garden of Eden shall turn our ashes to ice

Sunrise is gone, freezing up the fires
 Sunrise is gone, numbing all desires
 Sunrise is gone, Sunrise is gone

Around the world the people stop with terror-sticken eyes
 A shadow cast upon them all to crush them like a fly
 In the icy rain and whiplashed seas there's nowhere left to
 run
 The hammer blows of winter fall like a hurricane
 Sunrise is gone, freezing up the fires
 Sunrise is gone, numbing all desires

Around the world the nations wait
 for some wise words from their leading light
 You know it's not only madmen who listen to fools
 "Is this the end" the millions cried
 clutching their riches as they died
 Those who survive must weather the storm

Gone are the days when man looked down
 They've taken away his sacred crown
 To be so free, it took so long
 It's not the journeys end, it's just begun
