All in good time, I gave it my best  
 I was alone till I found myself  
 Grew up to be a man more or less  
 All in good time  
 All in good time, I drifted away  
 I ran my mouth till I'd nothing to say  
 You broke my heart, then I was okay  
 All in good time  
 All in good time, I trusted my eyes  
 Treated my losses like clouds in the sky  
 Finally picked on someone my size  
 All in good time  
 All in good time, I followed my nose  
 Learned where to bleed when a night comes to blows  
 Tried on your love, then I folded those clothes  
 All in good time
