Tom: B  
Intro: Abm - Abm - Gb - Gb

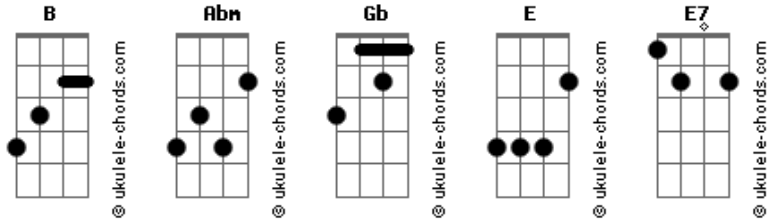

**PARTE 1:**

Abm  
Let's go out and dance, darling our last of days  
Gb  
and grace the game with a blindfold on the cheaters came to play  
Abm  
and outside the soft-handed boys screaming cars and all their speed  
Gb  
music, math, a hero begging change his sword across his knees  
E7  
And how he prays to find a man to blame  
Abm  
for every sleepless night he spends  
Gb  
and for every well that he warned me of  
Abm  
but wound up falling in  
E7  
and then for the kids beneath the balcony  
Abm  
who disregard the rain  
Gb  
to make sure the king won't grant the dead man one more day

**PARTE 2:**

Abm  
Let's go out and see darling what shines tonight  
Gb  
and temper your dream about the dying horse with traffic, noise, and light  
Abm  
and somewhere the soft-handed boys, bleeding hearts, and worker bees  
Gb  
give to the holy mother begging change Christ across her knees  
E7  
and oh how she prays to find a man to blame  
Abm  
for every loveless night she waits  
Gb  
and for every gun that she frowned upon  
Abm  
but still some fucker made  
E7  
and then for the kid beneath the balcony  
Abm  
behind the garbage can  
Gb  
who waits for the king to come and hold his sweaty hand  
Acaba em Abm.
