

Iron & Wine - Carousel

```
Tom: E
(com acordes na forma de C )
C C Am
Almost home
              n
                                     Am
When I missed the bottom stair
You were braiding your gray hair
        C Em G
It had grown so long
         C Em G
Since I'd been gone
           C C Am
And the perfect girls
By the pool, they would protest
                                Am
        D
The cross around their necks
          C
But our sons were overseas
        C
   Am
And we all know about the hive and the honeybees
  Am D Am C Em G C Em G
 C Am
Almost home
             D
                                     \mathsf{Am}
With an olive branch and a dove
              D
                                         Am
You were beating on a Persian rug
                                         G
                                  Fm
With your bible and your wedding band
Both hidden on the TV stand
```

```
When a cruel wind blew,
         D
Every city father fell
           D
Off the county carousel
                             Em
               C
While the dogs were eating snow
           C
                      Em
All our sons had sunk in a trunk of Noah's clothes
C7M
C C7M

C C Am D
          Am D Am C Em G C Em G
C C Am
Almost home
             D
                                   Am
And got lost on our new street
                 D
While your grieving girls all died in their sleep
            C Em G
So the dogs all went unfed,
A great dream of bones all piled on the bed
And the cops couldn't care
                                        Am
When that crackhead built a boat
And said, "Please, before I go,
             C
                   Fm
May our only honored bond
                  Em
Be the kinship of the kids in the riot squad?
