

# Isaac Gracie - Running On Empty

Tom: E

E  
Im getting in with the wrong crowd  
Im talking too loud

A  
Im think im starting to get people down

A  
And when i talk about it too much  
I think they loose touch

Gbm  
And then I bury my head in the ground

Gbm  
Oh baby how'd you let me get here  
You said you'd stay here

B  
But it feels like you're never around

B  
And every time i try to stand up

B  
I put my hands up  
Oh have you looked at me lately

E  
Oh oh oh baby oh oh oh

A  
Don't forget me, forget me

Gbm B  
This is not how we were meant to be

E  
Im running on empty

E  
I bought two tickets for the rodeo

Just so you know

E A  
I think im tryna get back in your head

A  
For all the times you said you knew me

A  
You looked right through me

Gbm  
While another man lies in my bed

Gbm  
Oh baby look at how you made me

Gbm  
Im going crazy

Gbm B  
Is this really how you want it to be

B  
And every time i try to stand up

B  
I put my hands up  
Oh have you looked at me lately

E  
Oh oh oh baby oh oh oh

A  
Dont forget me, forget me

Gbm B  
This is not how we were meant to be

E  
Im running on empty

E A  
Im running on empty

E  
Im running on
