

# Isaac Gracie - Telescope

Tom: C  
Intro: C Am Em G

[Primeira Parte]

C Am Em G  
It's been a while since I heard your name  
Trying to build it all, trying to build it all  
Trying to build it  
All, back again  
Am Em  
And I hurt myself it was all in vain  
G  
I couldn't build us up, build us up

C  
But don't you worry  
Am Em  
It's all over now  
G  
It's all over

[Refrão]

C Am  
Been looking through a telescope  
Em  
Had me thinking that we were close  
G  
All this time I had loved you so  
C  
But it's time I let you go  
Am  
Been looking through a telescope  
Em  
Had me thinking that we were close  
G  
All this time I had loved you so  
C  
But now it's time to let you go  
Am Em G  
To let you go

[Segunda Parte]

C Am Em  
Staying up all night in an empty bar  
G  
I thought I knew it all, I thought I had you down  
C  
But I don't know who you are  
Am  
When I need you the most  
Em  
Yet you still so far  
G  
What you do with my heart

[Pre-Refrão]

C  
But don't you worry  
Am Em  
It's all over now  
G  
It's all over

[Refrão]

C Am  
Been looking through a telescope  
Em  
Had me thinking that we were close  
G  
All this time I had loved you so  
C  
But it's time I let you go  
Am  
Been looking through a telescope  
Em  
Had me thinking that we were close  
G  
All this time I had loved you so  
C  
But now it's time to let you go

C  
But don't you worry  
Am Em  
It's all over now
