Well I sleep all day  
drink all night

and i'll turn off my light  
now im terrified

and ive heard all the people  
calling my name  
but they will never see just how  
I have changed  
now im terrified  
now im terrified

[Chorus]

but I dont wanna be your boy I wanna be your man  
but somethings got me wrong inside  
and im looking for the answer  
I dont understand  
and darling I'm terrified  
I'm terrified

[Chorus]

that maybe I wasn't cut out for this  
oh oh...now im terrified  
that maybe I wasn't cut out for this  
oh oh

[Verse]

you know its hard to explain  
how it got this way  
now people only wanna know why  
I wish I had an answer that would make it okay  
but the truth is im just terrified

and I dont need to remember but I wanna forget  
cause theres a hole in my head  
where I hide my regrets  
now im terrified  
now im terrified  
[Chorus]

but I dont wanna be your boy I wanna be your man  
but somethings got me wrong inside  
and im looking for the answer  
I dont understand  
and darling im terrified  
im terrified

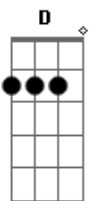

[Bridge]

that maybe I wasnt cut out for this  
oh oh ...now im terrified  
that maybe I wasnt cut out for this  
oh oh  
no you can come and save me  
but you have to take a risk  
so terrified that maybe  
I wasnt cut out for this  
I wasnt cut out for this
