

Isabella Bretz - Come Along

tom:
Capostrate na 2ª casa

I?m almost outside
 And from here I see lies in bulk
 Do you take me as a dull?
 The way you decorate your speech
 With dainty words, proficiently
 What if you slump
 From this place you put yourself in?
 What if I run?
 I am much stronger than you think
 You once gave me a reason
 To tie my life in yours
 Where did you hide the joy you've brought
 If something bothers you then speak
 But don't waste time, life may soon cease
 It is too bitter, I can't stay
 It's clearly failing
 I have worked hard in vain

Patience is fading
 I can walk no more
 Going side to side on this bridge
 From nothing to nowhere, believe
 I?m now strong
 Ahhh
 Come along
 I?m leaving all of this but come along
 Let's make the breaking rope resist
 We'll go around the stone
 You can stay in here
 But then you will be alone
 Cause I'll be gone
 Let's leave the mess behind and move on
 Oh come with me
 Or I'll go on my own
 I'll go on my own
 I?m almost outside
 Now choose if you'll come along
